

MALLORY VALLEY UTILITY DISTRICT
SCHEDULE OF FEES AND CHARGES

RESIDENTIAL & COMMERCIAL RATE SCHEDULES

RESIDENTIAL RATE SCHEDULE – DOMESTIC, FIRE & IRRIGATION - SINGLE FAMILY

Effective October 01, 2018

<u>Meter Size</u>	<u>Billing Rate</u>
3/4"	\$10.40 for water usage up to 2,000 gallons per month
1"	\$13.00 for water usage up to 2,500 gallons per month
1.5"	\$31.20 for water usage up to 6,000 gallons per month
2"	\$52.00 for water usage up to 10,000 gallons per month

Minimum bills are based upon the size of your water meter. When the MINIMUM BILL charge applies, a customer's first bill and final bill will be prorated based upon the number of days of service.

All water delivered in excess of the gallons per month included for the minimum bill shall be purchased at the following rate of:

- \$5.20 per 1,000 gallons for usage between 0-20,000 gallons
- \$6.20 per 1,000 gallons for usage between 20,000-100,000 gallons
- \$7.20 per 1,000 gallons for all usage above 100,000 gallons

For commercial developments

The DISTRICT does not supply the meter, hydrant or other facilities and does not make the tap for service. The prospective CUSTOMER shall pay the actual cost of all labor and materials for the installation of all taps, service lines and metering facilities, which in dealing with developments or subdivisions, will be designed and installed in accordance with the contract between the DISTRICT and the OWNER.

If the DISTRICT elects or consents to perform the actual installation, the cost to be paid by the prospective CUSTOMER shall be as stated on the DISTRICT’S “Standard Tap Installation Cost Table”. Should the particular installation not be covered, the DISTRICT will estimate the actual cost of the installation and collect that sum together with the TAP FEE herein described.

For residential homes and developments

The DISTRICT will supply the ¾” or 1” meter at the current cost associated with the purchase of the meter by the OWNER. The meter will be set when all fees are paid, the contract and associated documents are executed and the installation of the tap and service are approved by the DISTRICT. The prospective CUSTOMER shall pay the actual cost of all labor and materials for the installation of all taps, service lines and metering facilities, which in dealing with developments or subdivisions, will be designed and installed in accordance with the contract between the DISTRICT and the OWNER.

If the DISTRICT elects or consents to perform the actual installation, the cost to be paid by the prospective CUSTOMER shall be as stated on the DISTRICT’S “Standard Tap Installation Cost Table”. Should the particular installation not be covered, the DISTRICT will estimate the actual cost of the installation and collect that sum together with the TAP FEE herein described.
